

Igor Zhivotikov

Education

- Geological Engineer. Geology and prospection of oil and gas deposits. Tajik State University. Dushanbe. Tajikistan. 1977
- Refresher Courses at Russian Federation Ministry of Geology. Specialty –“Advanced technology and management of deep prospection boreholes trials”. Moscow. 1984.
- Tyumen Refresher Center. Refresher courses on “Petroleum-storage depots and filling stations maintenance”. Tyumen. 2001.

Summary Experience

Natural Resources Professional with an analytical mind versed in interdisciplinary project management, water resources and geological science with highly developed oral and written communications skills, seeking challenging option.

Professional Experience

February 2010 – August 2010 Supervisor. Project Management, Pavement Materials, Geotechnics, Hydrogeology. OJSC “Geoplus”, Haifa, Israel

January 2007 – January 2010 Drilling Supervisor. Supervised well drilling and exploration for oil and gas. OJSC “Servis-Nafta”. Moscow. Russia.

August 2005 – September 2006 Assistant Driller. Deep boreholes drilling company. OJSC “Lapidot”. Tel-Aviv. Israel.

May 1991 – August 2003 Section Manager. Oil and Gas exploration expedition. OJSC “Ob’neftegasgeologia”. Surgut. Russia.

September 1989 – April 1991 Geologist. Supervisor of the geological division and regional engineering-tehnological services for boreholes trails. Surgut. Russia.

September 1981 – August 1989 Geologist of the geological division, boreholes prospection engineer. Production Geological Enterprise “Lenaneftegasgeologia”. Yakutsk. Russia.

August 1977 – August 1981 Geologist. Oil prospection branch. Geology Authority. Dushanbe. Tajikistan.
